

President / Founder Bio

Pat Tobin | President /Founder

Role at Eagles Point Solutions:

Pat oversees all operations, taking direct responsibility for all client projects and is integral in marketing the services of the company.

With over 30 years experience, Mr. Tobin's company will customize a clients' project to fit their needs, while staying on budget without sacrificing quality. The company prides itself on taking projects from inception to completion, while saving the client time and money. This is accomplished by building strong lasting relationships, giving and earning respect, implementing the proper use of resources, and producing results that are successful, combined with full financial disclosure throughout the project.

Industry Expertise:

Pat's expertise includes project management and consulting in the fields of construction, real estate and maintenance for the commercial, retail and restaurant industries.

Past Affiliations:

Prior to founding Eagles Point Solutions, Pat served as Vice President of Real Estate and Construction for Blue Point Ventures Inc., Construction Manager, Dunkin' Brands, Director of Construction and Facilities for Party City Corporation and Director of Construction for Bertram & Associates.
